I am proud of everything all FBLA members have done including those who did not place and those that chose not to complete. All FBLA members have been working extremely hard in our fundraising efforts, community events, and competitive events.

Be sure to congratulate all of these students for their hard work and perseverance! The road to states has been filled with a lot of difficulties and today these students met this year's FBLA motto and "Stepped up to the Challenge". We are all looking forward to attending the National Leadership Conference in Chicago in June!!
